RE: Blue Line Ultra™ Discontinuation

Dear Valued Customer,

The purpose of this communication is to make you aware of some upcoming changes to the ICU Medical tracheostomy portfolio. As part of a recent review of our tracheostomy product offering and in consideration of the availability of our newer BLUSelect PVC tracheostomy tube range, which has the benefits of colour coding as well as being DEHP free, we have decided to discontinue our legacy Portex Blue Line Ultra PVC tracheostomy tubes and inner cannulas in this process we will continue to run out old Blue Line Ultra stock but once this is sold we will not replenish, however please note that the end of life date for the Blue Line Ultra is end of July unless we sell out sooner.

The Blue Line Ultra product codes listed in the table below are impacted as part of this discontinuation notice. For your convenience the table below also includes a cross reference to the BLUselect product code that takes its place within the Portex portfolio.

We look forward to continuing to serve the needs of you and your tracheostomy patients with our Portex BLUselect products. If you have any questions, please contact your account manager or customer service on 1800 654 949.

Thank you again for your continued partnership and business.

Kind Regards,

Marylou S Allman

Marylou S Allman
